* The above includes train mileage on the Silverton Tramway. As that Company's permanent way was maintained by themselves, the calculations respecting maintenance are based upon the South Australian Railway train mileage only; but all other train mileage calculations include the Silverton Tramway mileage. From July 1st, 1893, the Company did the haulage on the Tramway, and that train mileage ceased to be credited to South Australian Railways.

AUDITORS' REPORT.

We have examined the ledgers showing the accounts with the various depositors in the Savings Bank of South Australia, and have also examined the entries in the general ledger, and compared them with the vouchers produced before us, and we certify that the above is a correct abstract of the accounts for the twelve months ending June 30th, 1894. We have also counted the cash and inspected the Government bonds, mortgage deeds, and other securities held by the bank, and find that they confirm the above statement of accounts. We have also compared all the depositors' passbooks exhibited to us, as stated below, with the ledger accounts, and find them correct. We have also checked the interest calculations on 919 accounts.

N.B.—The reason of so few discharges of bills of sale, &c., being registered is mainly owing to the difficulty of proving the certificate of satisfaction as required by the Act (No. 8 of 5th Vic.), viz., the acknowledgment by the mortgagee of his signature to the certificate of satisfaction or proof of execution by said mortgagee by one of two witnesses upon affidavit before the Registrar-General or his deputy. For this reason the greater portion are allowed to lapse.

* The great increase in the number is partly owing to the fact that Hire Agreements, Mortgages of Stock and Liens and Settlements are included.

The Reading-room contains all the South Australian newspapers, several of the leading newspapers from each of the other Australian colonies, and various English, Irish, and Scotch newspapers; also most of the best English periodicals.
